For occupational health and safety reasons and to aid in the analysis of your samples, Intertek Genalysis needs certain information on all samples. Please complete the following information to the best of your ability and send it with your samples or fax it to Intertek Genalysis.

**We regret that we are unable to commence the analysis until we have received your response.**

---

---

1. Source of samples (Eg "Bore water", "Tailings dam", "Process liquor"):

2. Are samples considered hazardous?                      Yes                      No                      Unknown

3. If samples are considered hazardous, what is the main hazard? Eg "Contains 2-5% cyanide", "Contains asbestos", "Radioactive", "Caustic liquid pH 13".

4. Do the samples contain any biological hazards? (Eg bacteria, viruses, faeces, urine, blood)  
Yes      No      Unknown      If Yes, please specify:

5. Is the matrix:	Acidic?	Yes	No	Unknown
	Alkaline?	Yes	No	Unknown
	Saline?	Yes	No	Unknown

If Yes to any of the above, please provide details of the acid/alkali where relevant and approximate concentration (Eg "caustic soda 5-10%", "sulfuric acid 30-50%").
