

CONFORMITY ASSESSMENT SERVICE

# EXPORTER AND IMPORTER GUIDELINES BANGLADESH

## OVERVIEW

The Government of the People's Republic of Bangladesh, through the Ministry of Commerce, has issued an order regulating the import of regulated products to maintain quality as per Bangladeshi Standards (BDS) of products entering into the Bangladesh market.

Exporters and Importers for Bangladesh need to comply with the order under Article 25.48 of Import Policy Order 2021-2024. Regulated shipments must be tested in an accredited laboratory such as Intertek and the test reports must be in compliance with the applicable BDS. Evidence of compliance such as a Certificate of Conformity (CoC), or valid test report, will be required to expedite Customs Clearance and avoid a delay from post landing examination and testing.
