

The Intertek logo is positioned in the top right corner of the page. It features the word "intertek" in a lowercase, sans-serif font, with the "i" and "n" being slightly larger than the other letters. The logo is set against a background of a yellow and orange industrial machine, which is the primary visual element of the cover page. The machine's components, including a large yellow cylindrical part with a diamond-patterned grille, are visible in the foreground and background.

Total Quality. Assured.

CERTIFICATE OF CONFORMITY

TRADING WITH GABON

Intertek's Total Quality Expertise supporting
Exporters and Importers to comply with the
Conformity Assessment Programme in Gabon

Exporters/Importers trading with Gabon need to comply with the requirements of the Gabon government's office, Agence Gabonaise de Normalisation (AGANOR) Conformity Assessment Programme called Programme Gabonais d'Evaluation de la Conformite (PROGEC) in order for their goods to clear customs. Failure to do so can result in severe delays in goods clearance, penalties, or even shipments being returned. PROGEC will be enforced from 1st August 2015.

The programme in Gabon has been implemented to assure Gabon's consumers of the quality and safety of imported goods. AGANOR requires that all imports of regulated products comply with mandatory safety and related standards. Every consignment of imported regulated goods must comply with the PROGEC.

The requirements for Gabon are:

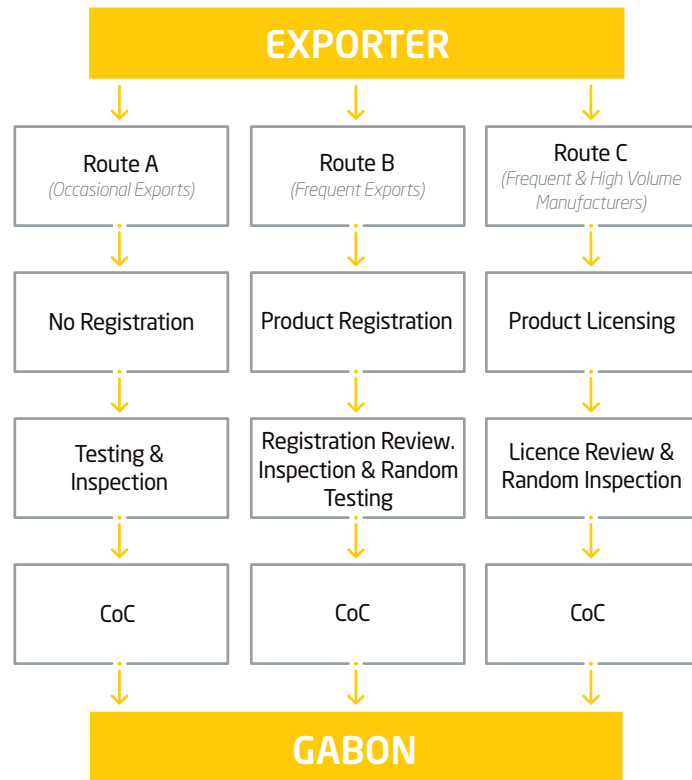

- Every consignment of imported goods must be accompanied by a Conformity Certificate. Intertek is authorised to issue these certificates.
- Certificates are needed to ensure customs clearance of shipments.
- The Certificate confirms that the products comply with the relevant Gaboni technical regulations, national, regional or international standards.
- The authorities in Gabon may take random samples from imported consignments to verify compliance.

Further details of the new requirements are available at www.intertek.com/government

The Intertek Solution helping you export to Gabon

Intertek has experience in providing solutions to businesses exporting a wide range of products to Gabon. We have undertaken more assessments of more products for longer than any other organisation.

Exporter routes to certification for Gabon

CoC - Certificate of Conformity

- Intertek has a global network of offices that have operated Conformity Assessment Programmes for over eighteen years, issuing over 1.5 million certificates and test reports.
- Our staff are experts on international standards and requirements, as well as understanding the needs of exporters and importers.
- Intertek has one of the world's largest networks of laboratories, authorised to test to Gabon's requirements including electrical, chemical, cosmetic, toy, automotive goods and many others.
- The Intertek Certificate of Conformity (CoC) is recognised and trusted by the authorities and Customs in Gabon.
