

JULY-DECEMBER 2023

CALENDAR INFORMATION

Raising the level of specialization through technical training
courses for a wide range of industries

Intertek academy courses will help you understand, implement, and improve business practices and processes to ensure continuous improvement of your organization's management systems. Our global network of experienced educators and auditors allow Intertek Academy courses to be taught globally.

Intertek is a leading Total Quality Assurance provider to industries worldwide. Our network of more than 1,000 laboratories and offices and over 44,000 people in more than 100 countries, delivers innovative and bespoke Assurance, Testing, Inspection and Certification solutions for our customers' operations and supply chains.

Why Intertek Academy?

Our training courses will help you raise your level of specialization and provide insight into the regulatory requirements of the market and the processes of current business.

Intertek Academy's expert training programmes are created with all knowledge levels in mind. Whether you need to know more about a standard in order to better prepare for your upcoming audits, or would like to become an auditor, we have a training that is right for you!

Training programs are aimed at different disciplines and designed with methodologies (accelerated learning skills) and themes appropriate to the requirements and objectives of each sector.

How to join a course?

To participate in our courses, complete the registration form at the end of this brochure and email it to academy.india@intertek.com

You can also send us a query through our Web: intertek.com/india/academy

If you want to organize a custom training day, you can contact us by phone at +91 124 6703703 or by email to academy.india@intertek.com

All our programmes are available in face-to-face mode and in virtual classroom. Contact us for more information

Intertek Academy's expert training created with all knowledge levels in mind. Whether you need to know more information about a standard in order to better prepare for your upcoming audits, or would like to become an auditor, we have a training fit for you!

Our educational programs range from one-hour introductory webinars designed to increase your understanding of management systems standards, to five-day IRCA- registered lead auditor courses for those responsible for system implementation and auditing. Presented by practicing expert auditors and educators, these programs are designed to keep you fully informed on the latest industry requirements and best practices.

Lead Auditor Training

Provides training for potential Management System Lead Auditors in order to achieve lead auditor status. Intertek Academy's experts will assist students with industry background and skill training to assess the adequacy of the design, implementation and improvement of an organization's management system against ISO standard requirements.

Accredited Lead Auditor Training

Intertek also offers Lead Auditor courses which meet the training requirements of the International Register of Certificated Auditors. This class provides delegates with an in-depth knowledge and skills in auditing in order to carry out management system audits.

Internal Auditor Training: Internal Auditor Training will help you gain an in-depth understanding of an management systems auditing, ISO standard requirements, and the application of the requirements to an organization, as well as the skills needed to perform management system audits through lectures, discussions, and workshops.

Overview Training

Understanding the standard and its requirements is the first step to certification and implementing an effective management system. Our overview training classes will teach you the standard requirements, industry best practices for implementation, and give you the necessary training to use the standard to implement a certified management system in your organization.

Webinars and E-Learning

Intertek Academy's e-learning and webinar courses give you all the training you need without leaving your office. Our expert trainers will present the course material through an interactive, on-line based setting. Advanced Internal Auditor Training Advanced training has been developed to provide further education for internal auditors. These courses provide guidance to experienced internal auditors to improve their skills and share best practices with other auditors. This course is also suitable for those who would like to refresh their knowledge on standard requirements and fully understand the differences between versions of the standard.

Custom On-Site

Need something different? Intertek Academy training experts can create a custom course to fit your specific needs and provide on-location training for your team.
