

The Intertek logo is positioned in the top right corner of the page. It consists of the word "intertek" in a lowercase, sans-serif font. The background of the entire page is a photograph of a large yellow industrial generator or engine, with various pipes, hoses, and electrical components visible. The lighting is bright, highlighting the metallic surfaces of the machinery.

Total Quality. Assured.

CERTIFICATE OF CONFORMITY

TRADING WITH NIGERIA

Intertek's Total Quality Expertise supporting
Exporters and Importers to comply with the
Conformity Assessment Programme in Nigeria

Exporters/Importers trading with Nigeria need to comply with the requirements of the Standards Organisation of Nigeria Conformity Assessment Programme (SONCAP) in order for their goods to clear Customs, failure to do so can result in severe delays in goods clearance, penalties or even shipments being returned.

SONCAP was first implemented in 2005, in January 2013 SON released a new SONCAP process with a new conformity assessment structure. The programme is a set of conformity assessment and verification procedures applicable to all products imported into Nigeria except those under the exemption list. "Regulated Products" within SONCAP require a Certificate. Intertek is the longest serving Conformity Assessment Programme (CAP) partner and approved to issue Product Certificates and SONCAP Certificates of Conformity (CoC) for goods exported to Nigeria.

The requirements for SONCAP

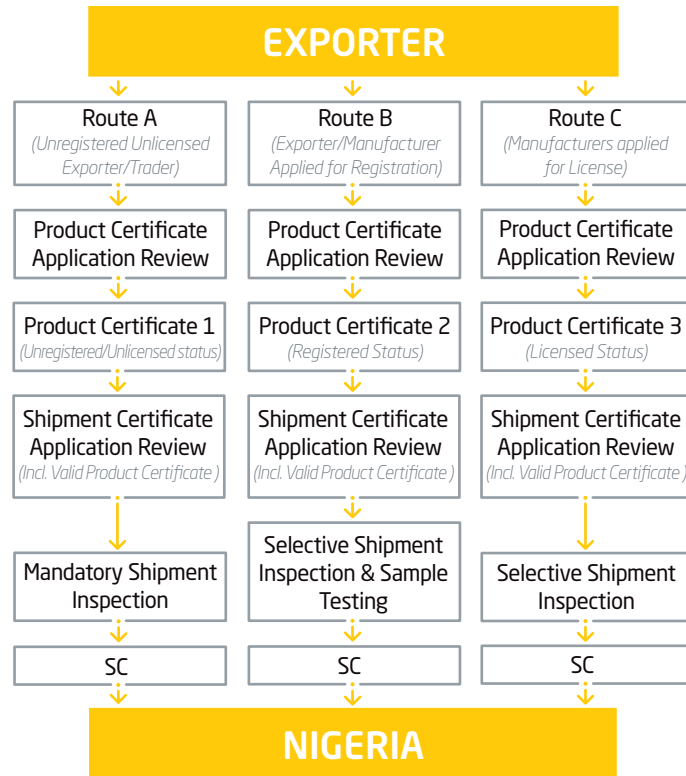

Every consignment of imported goods which contains regulated products must be accompanied by a SONCAP Certificate (SC) issued by the IAF and SC issued by SON.

- The SC is required to obtain a SONCAP Certificate from SON.
- The SC confirms that the products comply with the relevant Nigerian technical regulations and approved international/ regional/national standards.
- SC Certificate is a mandatory document used by the Nigerian Customs Services for clearance of goods going to Nigeria.
- The authorities in Nigeria may take random samples from imported consignments to verify compliance.
- Additional details on the SONCAP procedure and a list of Regulated Products currently requiring SONCAP certification are available at www.exports2nigeria.com

The Intertek Solution helping you export to Nigeria

- Intertek has experience in providing solutions to businesses exporting a wide range of products to Nigeria. We have undertaken

Exporter routes to certification for Nigeria

CoC - Certificate of Conformity

- more assessments of more products for longer than any other organisation.
